

LilyPond's automatic typography

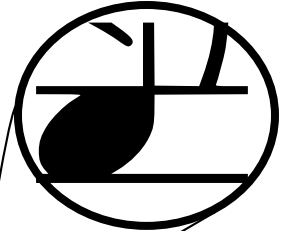

**Heavier font and lines
for smaller staves**

Cross staff slurs and beams

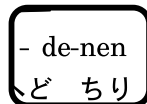

**Advanced
accidental
placement**

**Rounded tips
on all symbols**

Lyrics never collide

**Ledger lines shortened
after accidentals**

**Ledger lines
stay separate**

**Horizontal shift
for tilted slurs**

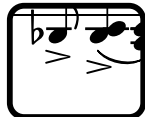

**Automated collision
resolution**

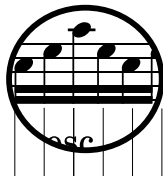

**Clefs folded
under other notes**

**Rest under beams
automatically moved**

Accents avoid Slurs

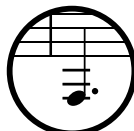

**Compensation for
optical illusions**

Unicode support for all texts

**Dots avoid flags
automatically**

**Different thicknesses
for ledger, staff and bar lines**
